EDUCATION

University of Lethbridge, Lethbridge, AB

September 2021 – 2026

B.Sc. in Computer Science

- **Relevant Coursework:** Software Development, Data Structures and Algorithms, Software Engineering

PROFESSIONAL WORK

Intern

June 2024 – Aug 2024

Nigeria LNG Limited

Rivers State, Nigeria

- **Mitigated phishing threats**, analyzing over 100 incidents using Virus Total and identifying social engineering tactics, reducing security risks by ~10%.
- **Enhanced website performance and user experience** through optimization techniques in HTML, CSS, React, and JavaScript.

Summer Student

May 2023 – Dec 2023

ATCO Ltd.

Calgary, AB

- Innovated comprehensive automation strategies using Microsoft tools(Power Apps, Power Automate, Sharepoint) to enhance operational efficiency, leading to an annual time savings of approximately 360 hours spent on repetitive tasks previously handled manually.
- Analyzed and visualized data by creating dynamic reports using Excel, VBA, and Power BI, reducing reporting turnaround time by 40% and enabling 5+ business units to make faster, data-driven decisions.
- Partnered with 6+ stakeholders to gather requirements and design tailored solutions, increasing project delivery alignment and reducing revision cycles by ~20%

PROJECT WORK

Full-Stack Developer | Personal-Project

June 2024 – Present

SIP's Music Store | [Link](#)

Calgary, AB

- Building a high-performance Full-Stack website using Next.js 14, TypeScript, AWS, and React, optimizing scalability and user experience.
- Backend - Developing robust APIs with TypeScript, enabling scalable interactions with AWS S3 and DynamoDB, supporting storage of 10,000+ audio files and retrieval speeds under 200ms..
- Frontend- Building responsive and visually appealing UIs using HTML, React, and Tailwind CSS, improving Lighthouse performance score from 75 → 95+ and ensuring mobile responsiveness across 10+ devices.
- Managing version control and CI/CD pipelines using GitHub, Docker and AWS Code Pipeline, ensuring seamless collaboration, code integrity, and deployment efficiency.
- Managing AWS Identity and Access Management (IAM) for secure access to Amazon S3 and DynamoDB, ensuring 100% compliance with least-privilege access principles..

CERTIFICATIONS

CompTIA Security+ April 2025 – April 2028

TECHNICAL SKILLS

Languages: C++, Python, TypeScript, JavaScript, SQL, HTML5, Golang

Frameworks and Libraries: Tailwind CSS, NoSQL, React, Next.js, Flask

Tools and Platforms: Postman, GitHub, Jupyter, Git, Vercel, Google Colab, Power BI, Microsoft 365, Microsoft CoPilot, AWS IAM, AWS DynamoDB
